

May, 2016- We will be having a second Household Chemical and Computer Recycling event on the Middle Peninsula on August 20. The event will likely be in Middlesex or Mathews County, and will be open to residents of those counties plus King William, King and Queen, and Essex. Details will be posted here, and flyers will be available at your local convenience center once we get a couple of weeks out from the event date. Any questions? Please give us a call at 757-259-9850.
