

# TIPS FOR HANDLING YOUR **EXTRA** HOLIDAY RECYCLING

Remember this is an “AUTOMATED COLLECTION”....

## **ALL MATERIALS MUST BE PLACED IN THE CART FOR COLLECTION.**

Please consider these tips to maximize the use of your cart:

- Flatten out all the boxes
- Place the flattened cardboard into your cart last; if it is full, use the lid like a clipboard to hold the flattened cardboard.

\*Please be mindful in the event of a strong wind, please consider holding boxes until the next collection or bring them to a drop off recycling center in your locality.

And remember - **carts should be at the curb by 7AM on your collection day!**

Holidays can affect the timing of the routes and the trucks may be in your area earlier than usual. Please have your recycling carts out by 7 AM to make sure you don't miss your collection!
